

2011 Midlakes Water Polo Operating Plan

1. Guiding Philosophy

Midlakes is a recreational league, which emphasizes friendly competition. Each coach should ensure all team members play some time each game. Larger teams (with over 20 on the roster) should consider splitting the roster into two teams of equivalent size. Sportsmanship will be demonstrated by players, coaches and spectators at all time.

Rivalry between clubs has always created spirited competition in the Midlakes Water Polo League. This is something that should continue as part of the character of Midlakes competition. While we do not want to diminish nor discourage such spirited competition, it is not in the best interest of the league to let this override proper conduct that is expected in the pool area. As a recreational league with a focus on education, sportsmanship will be demonstrated by players, coaches and spectators at all times.

2. Organization

In order to understand the organization of the league it is important to understand the entire Midlakes Swim League structure. Midlakes Water Polo has its own operating plan, but falls within the jurisdiction of the Midlakes Swim League by-laws. It is composed of a single representative reporting to the Swim League Board and providing leadership to a committee of club representatives. Within the Water Polo committee there is a disciplinary sub-committee to handle issues of poor conduct and decide penalties, etc...

The rules of FINA - USWP shall apply to the Midlakes Water Polo League, except where they conflict with this Operating Plan.

*each quarter of competition shall consist of six minutes running time, with each 10 and under game consisting of five minutes running time per quarter. Definition of running time: Clock stops at goals and time outs only.

*For Championship Games 10 & Under will be 5 minute stop time all other age groups will be 6 minute stop time.

*there will be two time outs allowed during a game for each team. A time out will be for a period of one minute. Each team will be allowed one timeout during a sudden death period. During the Championship Tournament current US Water Polo rules regarding Timeouts will be used.

*teams will change ends of the pool after each quarter. For games at MICC and MIBC team will change ends at half.

*all games must end with a winner. During regular season games, ties will be determined by playing a Sudden Death period. * Mercy rule: Any game where one team has a 7 goal lead will go to a full running clock for the remainder of the game. (Even if the point difference becomes less than 7 points). Meaning no clock stoppage at goals or penalties.

5.3 Conduct & Sportsmanship

It is the intention of the league to have its players, coaches and spectators behave in an appropriate fashion at all games. Recognizing that this sport is very competitive, it is understood that an individual may have a difference of opinion with a referee. The questioning of a specific call should be handled by the coach only, by using a timeout. Should a player be involved in challenging a referee's call, the player will be issued a single warning before being removed from the game.

The below listing, although not exclusive, will serve as a guideline to behavior which is considered inappropriate and will receive a single warning before dismissal from the current game:

- ◆ Arguing referee calls
- ◆ Using profanity
- ◆ Taunting opponents and/or referees

Any player, coach or spectator that continues the inappropriate behavior will receive a 1-game automatic suspension (i.e. the next subsequent game). A second suspension for the same transgression may result in a suspension for the remainder of the season and tournament. The decision of the disciplinary rules committee will be final.

Generally, if the violation is related to taunting or attempting to intimidate a referee, the suspension for the remainder of the season and tournament will be automatic.

With respect to any incidents which include punching, kicking, elbowing and the attempt to injure another player/opponent, such action will constitute a brutality and carry with it a suspension for the remainder of the season and tournament.
